OPPOSITE PAGE, TOP LEFT: Billy Waits and Shannon Corr attempt to recover an errant basketball. OPPOSITE PAGE, BOTTOM LEFT: James Grady copes with the frustrations of a tough assignment. OPPOSITE PAGE, RIGHT: Working to prepare children for the "Special Olympics," Andrew Gasper helps Vicki with the softball throw. TOP LEFT: Keith Lierette and Rett Harrington demonstrate their winning form in the Homecoming Beauty Contest. TOP RIGHT: Munching his collar, Joey Rieth reads his history lesson. ABOVE: Keith Favre and Grant McGehee scrutinize the temperature of their experiment. LEFT: Soaring over the bar, Winston McDonald places third in the intramural track meet.

What makes a school flourish for 125 years? A special character must develop through each generation of students. Stanislaus combines day students from the Mississippi Gulf Coast with boarders from other states and countries, providing a unique learning environment.

OPPOSITE PAGE, TOP: 8th graders play a quick game of "tennis football" at recess. OPPOSITE PAGE, MIDDLE LEFT: Bruce Morreale discos with his date. OPPOSITE PAGE, MIDDLE RIGHT: Boarders in Bro. Raymond's dorm prepare the third annual "Halloween Spook House." OPPOSITE PAGE, BOTTOM LEFT: Freshmen ride their float at Homecoming. OPPOSITE PAGE, BOTTOM RIGHT: Moe Hudson meets Santa Claus. TOP LEFT: Seniors take to the streets for Veterans' Day. TOP RIGHT: Pat Wild psyches for his leg of the intramural relay. MIDDLE RIGHT: Sophomores put some life into Homecoming. RIGHT: Students dance to the music of "Disco '79." ABOVE: Doug Handshoe shares halftime playing honors with Bay High band members.

Mention St. Stanislaus and the image of the Brothers of the Sacred Heart immediately comes to mind. Arriving in Bay St. Louis in 1854, the Brothers established a tradition of discipline, Christian education, and concern for students which has continued through the years. Presently 41 Brothers reside at Stanislaus working as administrators, prefects, teachers, and maintenance personnel.

OPPOSITE PAGE, TOP: Preparing to cut his cake, Don Sandoz celebrates his birthday with Bro. Ray and the 8th grade boarders. OPPOSITE PAGE, BOTTOM LEFT: Bro. Albert baptizes senior Robie Cain. OPPOSITE PAGE, BOTTOM RIGHT: John Peranich and Alan Davis wait for Bro. Anton to give the answers to his "math stumpers." TOP RIGHT: Fishing is one of Bro. Leon's favorite pastimes. Here he returns with a day's catch from the bayou near the brothers' lodge. MID-DLE: Bro. Loyola and Bro. Mark enjoy relaxing during the Christmas holidays. LEFT: Several brothers celebrate Mass together a few days before school begins.

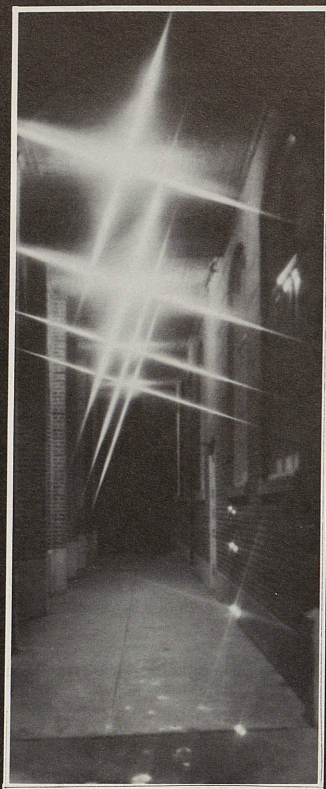

OPPOSITE PAGE, TOP: Bobby Bourgeois and Jimmy DeSilva lead the Rock-A-Chaws through the run-through moments before their encounter with Bay High. OPPOSITE PAGE, RIGHT: Kyle Wilson hands the baton to Mark Tubre in the 440 yd. relay. OPPOSITE PAGE, LEFT: Preparing for their Halloween special John Abadie paints Pat "Eigor" Haydel. TOP LEFT: Wayne Hoda edges by Chuck Vincent in the intramural 100 yd. dash. TOP RIGHT: Cheerleaders anticipate a Rock-A-Chaw score. MIDDLE: Kerry Corr and Jeff Wallace fight Bay High for a rebound. RIGHT: Mike Lyons leads the SSC band in the Homecoming Parade. ABOVE: Peree Cabell crosses homeplate in a game against O.L.V.

Competition touches every area of student life at SSC. Whether a student chooses to compete on an organized team, to support his homeroom in intramurals, to develop his talents through extra-curriculars, or just to get involved in school and dormitory activities, he becomes a part of the continuing quest for self-improvement that characterizes the tradition of Stanislaus.

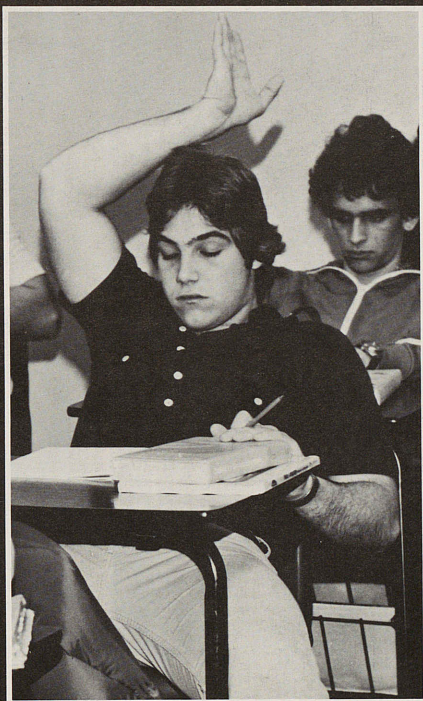

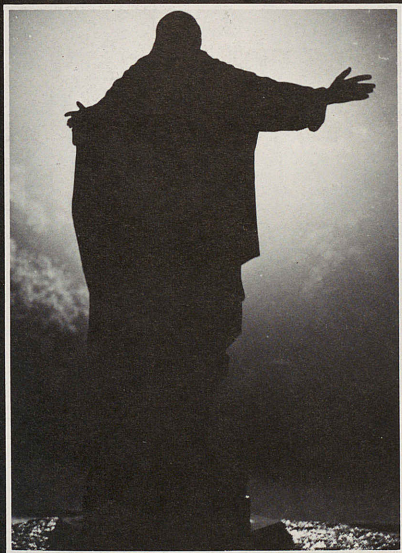

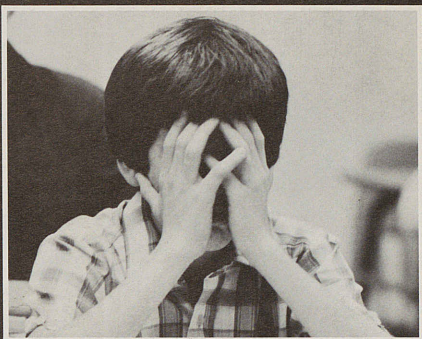

OPPOSITE PAGE, TOP: Dan McDermott reacts to the night's homework assignment. OPPOSITE PAGE, FAR RIGHT: Scott Senner nonchalantly volunteers an answer in English class. OPPOSITE PAGE, BOTTOM LEFT: Throughout the years the statue of the Sacred Heart has stood, a firm symbol of St. Stanislaus and the Brothers of the Sacred Heart. TOP RIGHT: Bro. Joseph prepares seniors for the Veteran's Day Parade. RIGHT: Mr. Thriffiley demonstrates a physics principle to Jim Rogers and David Mead. ABOVE: Standing lonely in the night, the arches of the older buildings loom a reminder of the 125 years of SSC.

Traditions are a product of people. Generations of alumni have shaped the spirit which is Stanislaus. The students of '79 continue to build upon 125 years of tradition through their unique talents and contributions. The following pages are an attempt to visualize that spirit which is SSC.

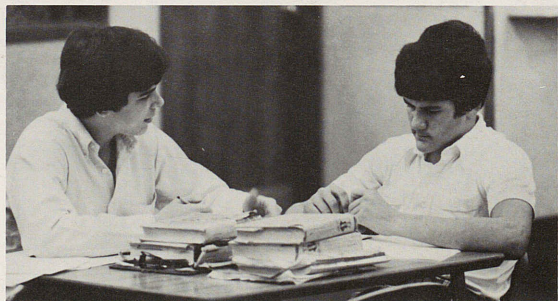

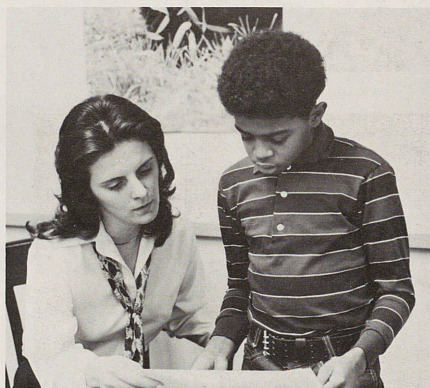

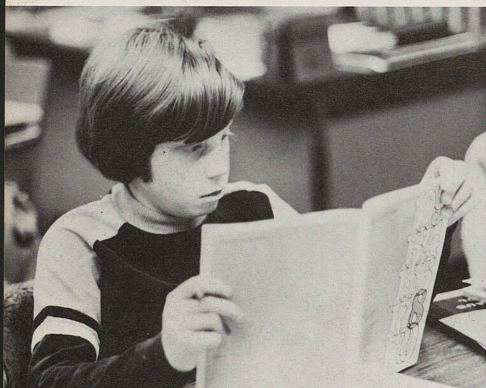

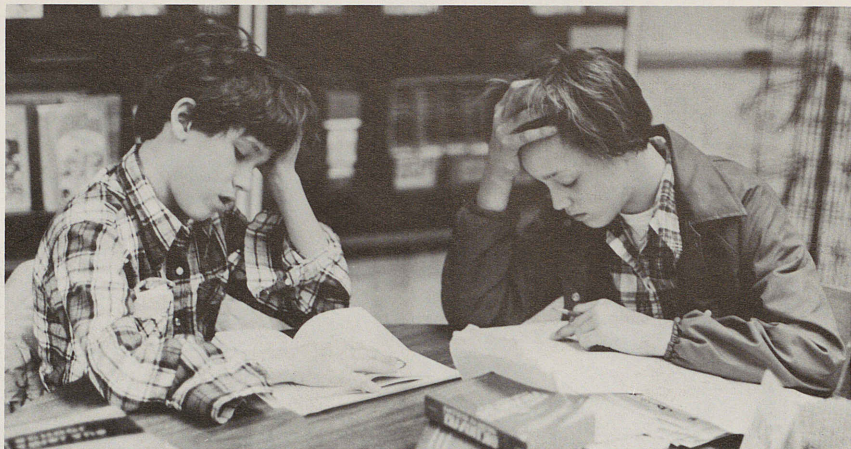

OPPOSITE PAGE, TOP RIGHT: Bill Lang, Hunt Vegas, and Ivar Torrealba prepare their screen for printing. OPPOSITE PAGE, TOP RIGHT: Kerry Corr discharges static electricity from Jeff Gex. OPPOSITE PAGE, MIDDLE: Timmy Thompson and Mike Soliveau study the parts of their dissected frog before the lab test. OPPOSITE PAGE, BOTTOM LEFT: Eddie Werner, Derrick Collier, and Louis Camero videotape their English skit. OPPOSITE PAGE, BOTTOM RIGHT: 7th graders put the finishing touches on their masks. RIGHT: Bro. Eduardo demonstrates the use of the stream table. MIDDLE RIGHT: Bro. Albert celebrates a class Mass with homeroom 7N. BOTTOM RIGHT: Mr. Engel gives instructions for advanced biology students. BOTTOM LEFT: Harry Burn fights distractions while throwing a pot. BELOW: Walter Ross follows a Spanish dialogue.

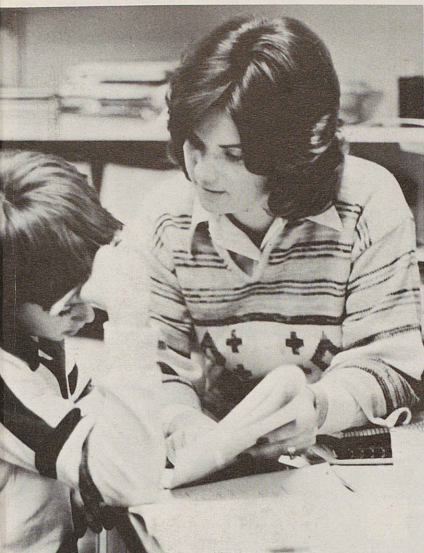

8:20 - 2:54 THE SCHOOL DAY

OPPOSITE PAGE, TOP LEFT: Mrs. Ryan explains the reading assignment to John Henry. OPPOSITE PAGE, TOP RIGHT: Joey Rieth studies the basic principles of karate. OPPOSITE PAGE, BOTTOM RIGHT: Swinging for the fences, William Stone makes contact with the pitch as Ed Heath and Mr. Griffon look on. OPPOSITE PAGE, BOTTOM LEFT: Robert Peranich concentrates during reading class. TOP: Scott Lingle and Mike Eyraud use the same approach to complete their assignment. MIDDLE: Mrs. Estrade answers Otto Singleton's questions. RIGHT: Grayson Lovick tutors Mark Lichtenstein in the high school reading program. ABOVE: John McIntyre completes his in-class assignment.

BROTHER MALCOLM

Who is the biggest fan of the Alabama Crimson Tide? Bear Bryant you say! Perhaps in Alabama, but in Mississippi the honor goes to Brother Malcolm. In his 8th year at St. Stanislaus, Bro. Malcolm has taught chemistry, math, oceanography, and religion to juniors and seniors. Outside the classroom Bro. Malcolm has assumed activities ranging from organizing intramurals, to coaching junior high track, to his present position as assistant athletic director.

Occupying free time has never been a problem for Bro. Malcolm. When he's not taping weak ankles before a game or fixing broken shoulder pads at the stadium, he may very well be working on his hobby, tracing his family genealogy. Corresponding with people from Germany as well as Americans from the mid-western and eastern states, Bro. Malcolm has traced his father's side of the family back to 1690 and his mother's family to the 1800's. "Working on my genealogy is recreation for me. I spent roughly 1000 hours for the last 7 years doing various letter-writing and research." Bro. Malcolm's interest in history got him into studying his family origins. "I think we can learn much about religion, much about people, the things they found important and the mistakes they made by looking at the past." Surely Bro. Malcolm has found many Alabama fans in his family's past. Who knows, maybe he will even run across Bear Bryant in his research?

OPPOSITE PAGE, TOP: Bro. Timothy questions students about artificial respiration. OPPOSITE PAGE, MIDDLE LEFT: Following the water stream, Bro. Eduardo explains the principles of erosion. OPPOSITE PAGE, BOTTOM: Mr. Thriffley's senior physics students watch Andy Kerley test the charge of the Van de Graff generator. OPPOSITE PAGE, MIDDLE LEFT: C. J. Richmond and Don Raboteau study the parts of their frog. TOP: Chuck Hirstius, Keith Lirette, and Joe Hiser keep a careful watch on the temperature of their chemistry experiment. ABOVE: Priming students for an upcoming test, Mr. Engel questions Rodney Lacoste and Mark Pille.

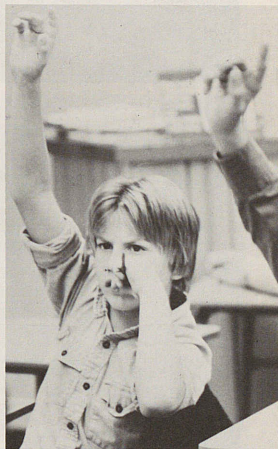

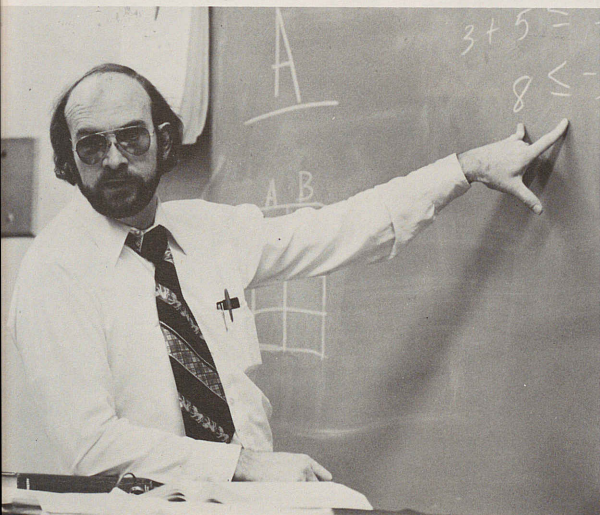

OPPOSITE PAGE, TOP LEFT: Mr. Materne answers John Abadie's last-minute math questions. OPPOSITE PAGE, TOP RIGHT: Kurt Schutzman struggles to understand Mr. Jennings' explanation of the equation. OPPOSITE PAGE, BOTTOM RIGHT: Jo Jo Martin offers his solution to the problem. TOP: Brother Neol solves a problem for his sophomore geometry class. MIDDLE: Approaching the problem from different directions, seniors Ken Rafferty and Robert Erath arrive at the same puzzled expression. RIGHT: T. C. HOWARD PATTON

Which football coach gives the most memorable halftime speeches? Which social studies teacher has the most distinctive Mississippi accent? Which coach has led his team to 3 consecutive PRC conference championships? If your answer to each of these questions is Howard Patton, you're right!

Howard Patton has been a teacher for 10 years, 7 of them in various instructional and coaching positions in Harrison County. Coming to SSC in 1977, Howard has distinguished himself as an excellent teacher, a winning coach, and a man of unlimited energy and enthusiasm. Next year Howard will direct his efforts to the realm of politics, as he has announced his candidacy for Harrison County Superintendent of Education. Why would a person who is so successful in the classroom want to enter politics? "I've always wanted a leadership position in education," stated Howard. "I would like to see politics taken out of education. Should I win the office, I would work on three goals. First, I would make decisions based on student welfare; secondly, I would strive to bring the 'basics' of education back to the public schools; finally, I would hope to improve the efficiency of the educational operation by delegating more authority and cutting back on excessive administrative costs."

Howard plans on bringing his campaign directly to the voters. "People today want to meet the person they elect. I'm going to knock on many doors this summer so people can know personally who I am and what I stand for." Howard says he will miss teaching and coaching, but he feels he can do more good for people in an administrative capacity. If Howard approaches politics with the same enthusiasm and dedication which have distinguished him as a teacher, he will bring a new dimension to education in Harrison County. We at Stanislaus wish him luck in his effort.

FOCUS

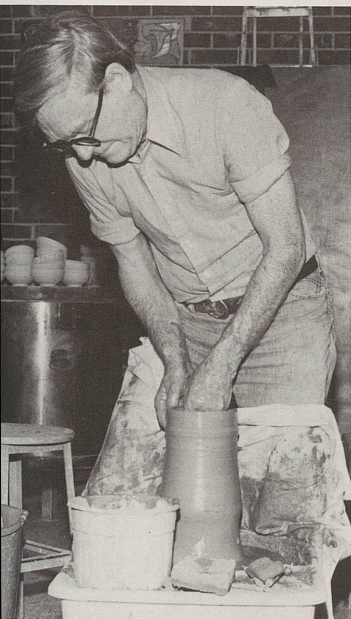

DOT KERSANAC

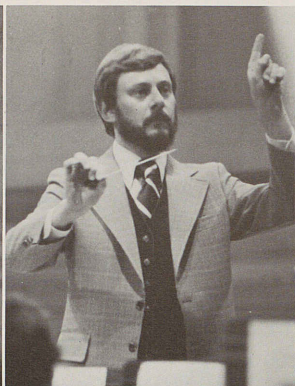

Dot Kersanac has taught business subjects at SSC for the last 12 years. Previously she spent 5 years instructing girls at St. Joseph's Academy. Comparing her teaching experiences, Dot found boys easier to teach because, "Boys don't hold grudges as long as they feel you are being fair with them." When Dot came to Stanislaus in 1967, she was one of two women on the faculty. "The faculty and students were very close my first years at Stanislaus. We didn't have the elaborate facilities of our present school and everyone had to work harder to make things work."

The "Kersanac household" has long been a favorite visiting place for many of the boarding students. In Dot's words, "With three boys in school at Stanislaus I've come to know many of the boarding students from their weekends spent at our home. I love having lots of kids around the house because everybody gets involved in the family spirit."

Dot has many interests outside the classroom. She has been working steadily since '73 taking evening classes and summer courses en route to her Master's Degree in Business Education. During quiet moments, Dot enjoys playing the piano or swimming laps. "Swimming laps," she explains, "is similar to jogging. You set a goal for yourself and try to surpass it. The competition and exercise help me feel better." This same energy and competitiveness have made Dot one of the favorite junior-senior teachers at SSC.

BROTHER ALBAN

BROTHER EPHREM

BRIAN NEGROTTO

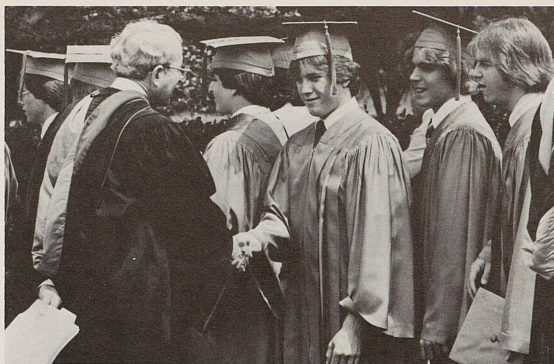

In Memoriam

Three members of the Stanislaus family died during the '78-'79 school year. Serving as dormitory prefect for over 30 years, Bro. Ephrem was a familiar sight around the SSC campus. In his later years Bro. Ephrem worked in the laundry and behind the counter in the mall.

Bro. Alban, known for his sense of humor, practical joking, and gruff exterior, directed the kitchen staff. His tough outward demeanor concealed a heart which generously went out to those who were suffering and in need. Bro. Ephrem and Bro. Alban will be missed both for their tireless efforts and the friendship they shared with us.

Brian Negrotto's untimely death touched everyone in the Stanislaus' family. His forward nature and quick smile made him a popular student around campus.

It is never easy to meet the death of a family member. We can only trust God and thank Him for all the good our friends have shared with us.

ROBERT GARGIULO

In his five years as a student at Stanislaus, Robert has involved himself in many activities. He's been an active member of the Weightlifting Club, the Drama Club, and the Spanish and National Honor Societies. For his academic efforts and second highest grade point average, Robert was named salutatorian of the senior class.

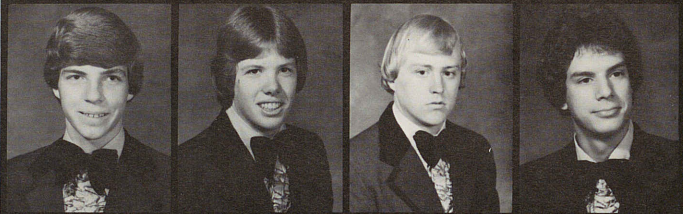

Robert spent much of his free time working for and with the soccer team. He served as captain of the varsity soccer team his senior year and was elected Most Valuable Player by his teammates at the end of the season.

Next year Robert will attend Tulane University. He plans to major in pre-med while spending his free time playing college soccer.

SENIORS OF THE MONTH

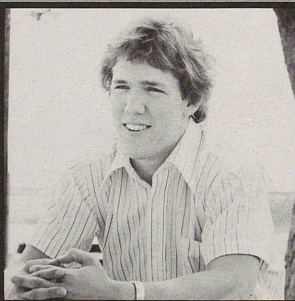

The "Senior of the Month" award began as a column in the student council paper THE ROLLING ROCK. Not only did it give the paper something out of the ordinary, it also served to recognize the outstanding efforts of individuals in this year's senior class.

Bro. Robert and Moe Hudson are credited with originating the Senior of the Month at Stanislaus. Not only did a senior have to achieve academically, he also had to be active around the campus. A vote of the faculty decided who would be honored each month. "There really isn't any special qualification besides being a senior," stated Moe Hudson. "All a senior has to do is involve himself in the school."

GREG LYNCH

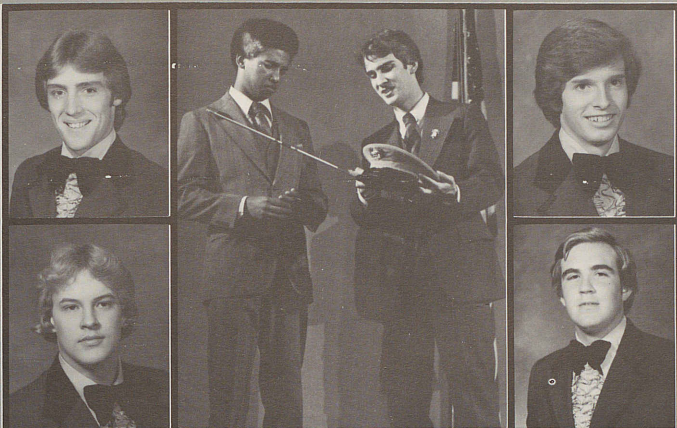

Greg Lynch graduates this year, finishing six years as a boarding student. Greg is an avid sports fan. In his years here Greg rarely missed a game of any sport. He is a staunch supporter and a loud rooter. One could tell the way the game was going by looking at Greg. Not one athlete who ever played for St. Stanislaus ever wanted his team to win more than Greg does.

Greg faithfully served as manager for the basketball team for three years. During the season Greg enjoyed the victories and suffered the defeats as much as any varsity athlete on the floor. Next year the varsity basketball team will look for a new manager, and Greg, who knows? Maybe he will be looking to a future coaching position!

SCOTT SENNER

Picking Scott Senner out of a crowd is never difficult. All one has to do is look for a 6'1" 220 lb. man who is always wearing a big smile. In his third year at Stanislaus, Scott is a mainstay for both the football and track teams. Starting at fullback for the Rock-a-Chaws, Scott gained 460 yards on the ground and scored 8 touchdowns. Undeclared in conference shotput competition, Scott threw the shot 49'5" closing in on the school record which he hopes to break in his senior year.

When asked to choose his favorite sport, Scott quickly pointed to football. "Football offers more action and competition than track," Scott's best individual effort of the '78 season was the East Central game where he gained 109 yards rushing in 11 carries, threw one touchdown pass, and ran 30 yards for another touchdown. Pointing to the Rock-a-Chaws' double victory over Bay High and Hancock North Central in the Spring Jamboree, Scott predicts good things for SSC football next year.

Scott doesn't spend all his time playing sports. In his free time his interests vary from partying with friends to working on his salt water aquariums. In the summer one can find our mammoth fullback working banquets at the Le Pavillon Hotel as a waiter. Dressing in a gold jacket, white shirt and black pants, Scott serves food for private parties. Scott doesn't plan to wait on tables after he leaves SSC. In his words, "After a good senior season I hope to play football for a major college." Scott's natural ability and enthusiasm for football leave little doubt he will have a shot at this goal.

JOHN PERANICH

John Peranich's interest in drawing dates back somewhere around his second grade year when he first entered and won an art contest. "Drawing has always been fun," says John. "It's something to do when there's nothing to do."

This year John adapted his artistic talent for REFLECTIONS 79, drawing caricatures of teachers. "The yearbook pictures were a challenge," stated John. "It was the first time I've drawn faces of actual people. It was hard to get the shadows right around the eyes and mouth to make the person recognizable." When John isn't involved in his favorite activities, hunting and water skiing, one might find him at his job, washing dishes for the Holiday Inn. John doesn't plan to be a "starving artist" with wrinkled hands all his life. After graduating from SSC, he would like to develop his drawing talent and establish a career as a commercial artist.

ANDREW HAAS

An underclassman would have to be a complete ballplayer to win the "Most Valuable Player" award in a varsity sport. Andrew Haas was a complete ballplayer throughout the '79 season. He led the Rock-a-Chaw pitching staff in wins, posting an overall 8-1 record and an earned run average of 1.58. When Andrew wasn't pitching, he was filling in as first baseman or designated hitter. Andrew finished the season with a .324 batting average, third highest on the team.

Coach Weems offered words of praise for his sophomore hurler. "Andrew is one of the most coachable players I've ever worked with. He listens and is always trying to improve his performance." The effort paid off this year as Andrew developed two different breaking pitches to accompany his fastball. When the season ended, Andrew's hustle and enthusiasm had won him the "Spirit Award" together with MVP honors, quite a distinction for an underclassman.

DAVE McDONNELL

What would one look for in picking an all-around boarding student at Stanislaus? He would look for someone who did well in his academic subjects, someone who involved himself in extra-curricular activities, and someone who cooperated and worked hard in the dormitory. One need look no farther than Dave McDonnell.

In his sophomore year at SSC, Dave accumulated many outstanding accomplishments. On the academic side Dave merited three consecutive alpha honor rolls, allowing him admittance into the National Honor Society. During the year Dave played two varsity sports, basketball and tennis. His most noted sports accomplishment was holding the number one singles position on the tennis team throughout the season. "I like playing singles better than doubles because you don't have to worry about your partner," said Dave.

At year's end Dave achieved perhaps his most memorable award. Bro. Paul named Dave winner of the sophomore Character Cup for his cooperation and consistent effort in the dorm.

PAT KERGOSEN

From sports to schoolwork if you're looking for someone who always gives his best effort, stop at Pat Kergosen. While maintaining honor roll grades, Pat played football and ran track. Pat played flanker for the freshman football team and won the "Leadership Award" for his constant effort.

On the track team Pat polevaulted and ran the hurdles. He set a new school record with a vault of 10'3". "I tried pole-vaulting because my brothers were doing it," Pat said. "After that I just stuck with it." Pat's first meet was in the 8th grade and he jumped 8'. Working through the summer and hard work during the season contributed to Pat's record. "I hope to work during the summer again," Pat said, "and hopefully reach 11'6" by the end of next season."

JEFF BONCK

Boarding at St. Stanislaus since the 6th grade, Jeff Bonck is a familiar sight around the SSC campus. Jeff enjoys boarding, pointing to the many friendships he has made through sharing common experiences with other boarders. "6th and 7th grades were perhaps my best years. Bro. Raymond provided us with so many different activities to keep us busy. It was like a year-long summer camp."

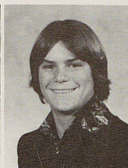

In his free time Jeff likes to try different challenges. This year he played football and pole-vaulted for the track team. "I only jumped 8 feet which was a little disappointing, but I enjoyed both the challenge of jumping and the competition from the other jumpers." When Jeff is not involved with organized sports, one can often see him organizing choose-up games in the back-

field. Somehow Jeff always finds a way to keep busy.

Last summer Jeff worked at summer camp as a junior counselor in the mall. "Being a counselor was harder than I thought. Working at camp was fun, but the hours were long and I didn't get much free time." Next year Jeff returns to SSC as a sophomore looking for still new challenges. "I hope to play basketball or baseball next year and perhaps try my hand in acting in a school play."

TIM WESSELMAN

Tim Wesselman came to Stanislaus two years ago looking for a way to get involved. He found it in the school band and drama club. Although he has been in the drama club for only one year, Tim has had parts in CAREER ANGEL and THE MOUSE THAT ROARED. Both parts, though small, have helped Tim gain experience he will need to play larger roles in the future. "I like acting in the plays," said Tim, "but half the fun is building the sets."

Tim's other main interest is the band. "I enjoy playing in the band," said Tim who plays baritone in the intermediate band, "but next year I would like to play in the advanced band."

MARK TUBRE

Last year if you happened to go to one of the freshman football games, you probably saw a little back with the number 22. To the delight of his teammates and the dismay of his opponents, 8th grader Mark Tubre used his running and faking ability to help the freshman team to a winning season. "I was a little afraid when I first played on the freshman team," Mark said, "but after a few games I gained some confidence." Mark also ran track, participating in the record sprint medley team.

This summer Mark plans to lift weights in preparation for next year's season. "I would like to see the team beat last year's record," stated Mark. It's too early to tell if the team will reach Mark's goals, but one thing that can be counted on is the all-out effort of the small back with the number 22.

JOHN "BEAN" HENRY

What do John Henry and Evel Knievel have in common? The answer is simple. Both enjoy motorcycles and both bear the bruises and broken bones of motorcycle accidents.

John Henry, better known to his friends as Bean, loves motorcycle riding. He has owned two motorcycles in the last year and a half, a Honda 50 and an XL 100. "I rode the Honda 50 through the woods with my friends. Sloshing through the two-foot puddles, we often wiped out." John performed his first memorable crash in July of '78 when he slid out of control and came up with a broken foot.

Recovering from Crash #1, John sold his Honda 50 and bought an XL 100. He planned to use this bike for transportation to and from school and street riding on weekends. All went well until Easter Sunday Morning. In his words, "There were no cars in front of me, so I reached down to adjust my throttle. When I looked up a truck had backed into my path. I slid away from the truck and into a parked car." Bean walked away in one piece, but his foot suffered multiple pulled ligaments.

Four weeks after Crash #2, John looks at motorcycle riding with the experience of a wise veteran. "I really don't want to ride a motorcycle anymore. In my last crash I was going only 15 mph; had I been going faster I might not have a leg now!" John is planning on trading his motorcycle in for a bicycle. Looking back on his experiences, he cautions other teenage bikers. "Motorcycles are just too dangerous." Perhaps Evel Knievel would do well to heed John's advice!

MAURICIO CRUZ

Seventh grader Mauricio Cruz travelled from Mexico City to Bay St. Louis to learn English. "Living in the United States has made it easy to learn English. My American friends have been a big help," said Mauricio. "I've especially enjoyed going home with Joe Lorio and working with his family on their farm." Commenting on his change in schools, Mauricio stated, "Coming to Stanislaus for a whole school year was difficult. I was homesick my first 4 weeks here." Mauricio's hard work paid off as he received an academic jacket at the

end of the year for making 3 consecutive alpha honor rolls, a remarkable achievement for a young student just learning English.

Mauricio will stay at SSC for summer camp and then return home. What will Mauricio miss most about SSC? In his words, "I will miss my friends and slaughterball."

Gridmen Post Winning Season

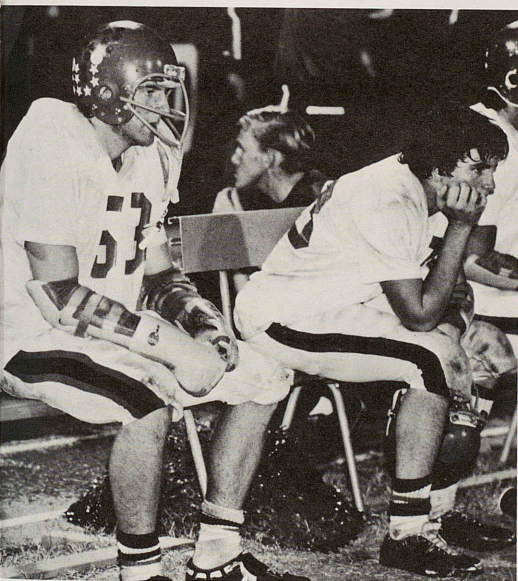

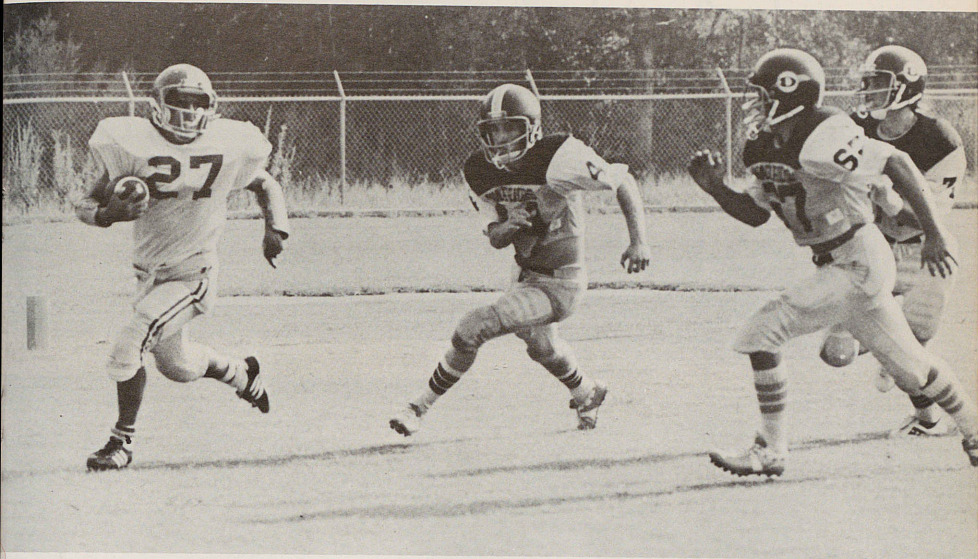

The Varsity football team finished the '78 season with a winning 6-4 record. The offense, led by quarterback Peter Bernheim and full-back Scott Senner, led the Rocks to their first winning season in 2 years. Head Coach Bill Poole and assistant coaches Glenn Swan and Mike Materne stressed "Christian Character" as being most important to the team.

Highlighting the season was an exciting victory over cross-town rival Bay High which was won by the foot of Juan Betanzos as he booted a 40 yard field goal which gave the Rocks a 27-20 victory.

The Varsity Team members were: TOP ROW: Dennis Scardino, Earl Rabe, Robert Doucet, Randy Santa Cruz, Lawrence Yarborough, Marc Meyer, John Logan, Fred Keel, Charles Armato, Glenn Logan, Kim Johnson, Bruce Morreale, Dave Boos, Lee Klein, Mark Pilie. 2nd ROW: Ted Longo, Peter Bernheim, Juan Betanzos, Jim Rogers, Mark Mead, Wayne Hoda, Terry Bilbo, Ted Schmidt, Matt Schloegel, Gary Sotak, Sam Glover, Charles Kraver, Mike Soileau, Rodney Lacoste. 3rd ROW: Marty Tighe, Scott Senner, David Grapusa, Keith Favre, Danny Handshoe, Keith Pfister, Jamie McKeough, Mike Scardino, David Murtagh, Kerry Geroux. FRONT ROW: Charles Kraver, Paul Nelson, Mike Hourin, Mike Riley, Robert Bocock, Jimmy DeSilva, Bobby Bourgeois, Brad DeGeorge, Perre Cabell, David Caserta, Robert Fos.

J.V. Football Team Produces 8 Wins

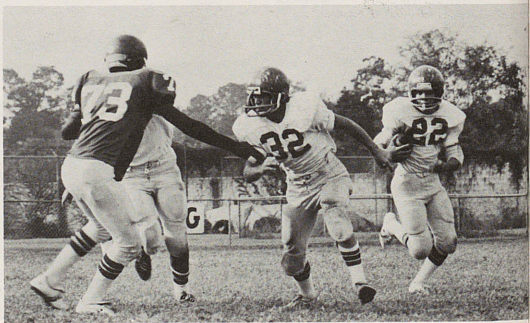

The Junior Varsity team ended its season with a record of 8 wins and 1 loss. Under the direction of Coach Swan and Coach Patton, the J.V. team lost only to Notre Dame under unplayable conditions in the rain.

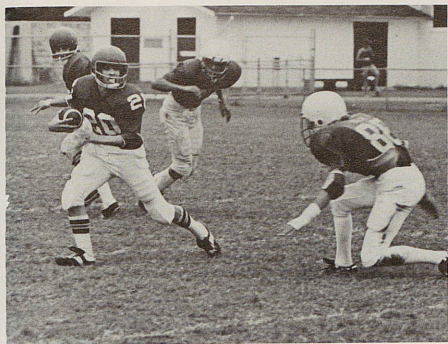

Key running backs Juan Betanzos, Dave Boos, and Mike Hourin generated plenty of offense in the J.V. Rocks' 8 Conference wins. Credit should also be given to the Rock defense led by Lee Klein, Earl Rabe, and Marc Meyer. "The teamwork of the Junior Varsity Rocks was a great asset in our winning campaign. The experience gained by this team should be invaluable to next year's varsity," stated Coach Patton.

Freshmen Break Losing Tradition

Led by coaches Fred Weems and Rod Herring, the Jr. Rocks posted a 4-3 season. "This is the first winning season the 9th grade team has had in 6 years," stated Coach Weems. "The defense is what pulled us through most of the season," said quarterback Joe Gex. And indeed it did! With players like Mark Rittner and Adam Williams, the little Rocks had an impressive defense.

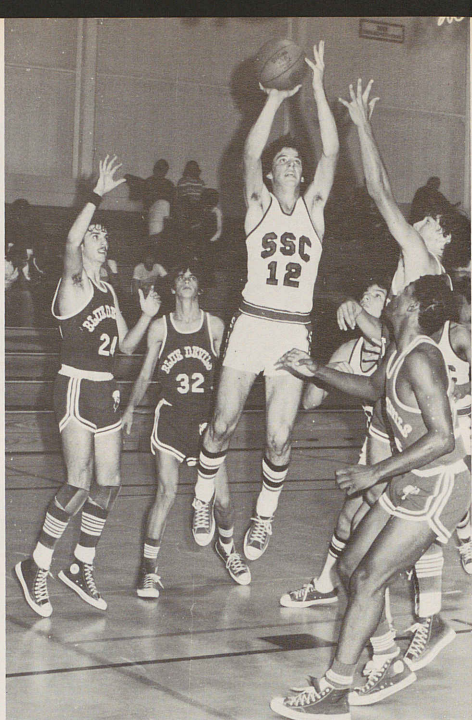

The 9th grade team lost to Bay High, St. Martin, and East Central, while scoring wins over Our Lady of Victory, Pass Christian, D'Iberville, and Vancleave. Capturing the Most Valuable Player award was Joe Gex and the recipient of the Best Defensive Player award was Mark Rittner.

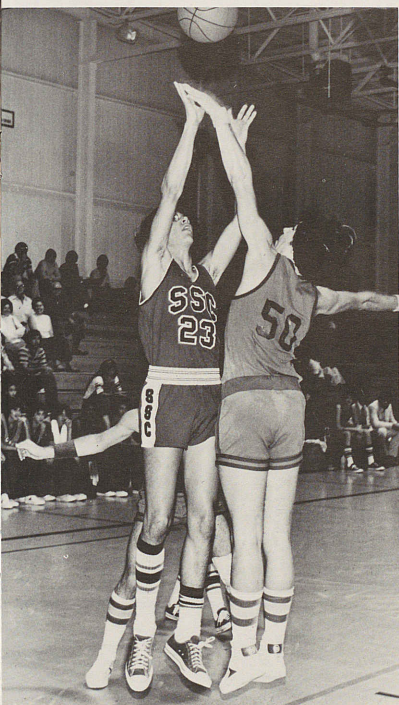

Youth Dominates Var. Basketball

The SSC roundballers, behind a very young team, posted a 10-12 won-lost record for the '79 season. Though they had a mediocre record, the Rocks ended their season on a very high note in the Pascagoula River Conference Tournament, getting all the way to the semi-finals with an impressive victory over Pass High before losing to East Central. The major strength of the Rocks this year was its bench. Coach Cuccaro played 10 to 12 players each game. Four of the team's five starters are returning next year.

Senior Kerry Corr led the Rocks throughout the campaign. Kerry, a 6 foot forward, shot 49% from the floor, while yanking down 248 rebounds to pace the team. At the awards' banquet Kerry received awards for "Best Free Throw Percentage," "Most Rebounds," and "Most Valuable Player." Other award winners included: Charlie Vincent, "Best Defensive Player;" Buddy Domangue, "Most Dedicated Player;" and Mark Culotta, "Most Assists."

Hustle Marks J.V. Basketball

What the junior varsity basketball team lacked in height and depth, it made up for in speed and enthusiasm. Posting an overall 10-4 record, the junior varsity played much of the season with only 7 players.

Starting guards Marc Meyer and Brian Logan led the Rock-a-Chaws. Their quickness and hustle produced many a fast break on offense, while antagonizing opponents on defense. "Our small number brought us closer together," stated starting center Ben Benvenuti. "We knew we had to be careful of fouling, so we passed the ball more to the open man." Coach Mike Materne in his first year at SSC coached the junior varsity basketball team.

Injuries Hurt 9th Grade Record

Lack of leadership caused the 1979 Jr. Rocks to flounder through their season. "We never knew who was going to start or even be able to play the next game," stated wing man Steve Farve. Injuries kept much of the squad on the bench all season. Toward the end of the season the team began to jell showing sparks of a potential conference title by defeating Vancleave and then Notre Dame and St. John on consecutive nights. However, the Rocks fell victims to St. Martin in the first game of the tournament.

During the season the team gunned in 60% from the floor one night and then shot a dismal 20% against crosstown rival Bay Jr. High. In most games it was no contest with the Rocks either blowing their opponents out of the gym or getting themselves blown out. The season ended with the Jr. Rocks on the lower end of a 4-8 record. Coach Rod Herring directed the '79 squad. Rowe Crowder warranted the "Most Improved Player" award.

Team Work Marks 8th Grade Season

The 8th grade basketball team closed its season with a winning 7 and 5 record. Brother Anton, coach of the 8th grade roundballers, felt his team put forth its best effort of the season against Pearl River Central. "We lost the game by one point," stated Bro. Anton, "But the kids played very well together as a team. T. J. Favre and Shawn Henderson were constantly moving the ball around looking for the open man."

T. J. Favre received the "Best Defensive Player" award for his total effort. Greg Brock merited the "Most Improved Player" award. "Most Valuable Player" went to the team's leading rebounder, Kyle Wilson. "Kyle," said Bro. Anton, "never quit trying. He was held scoreless his first 3 games, but he continued to hustle and averaged 12 points a game for the final four outings. That kind of effort produced our winning season."

Soccer Grows In Popularity

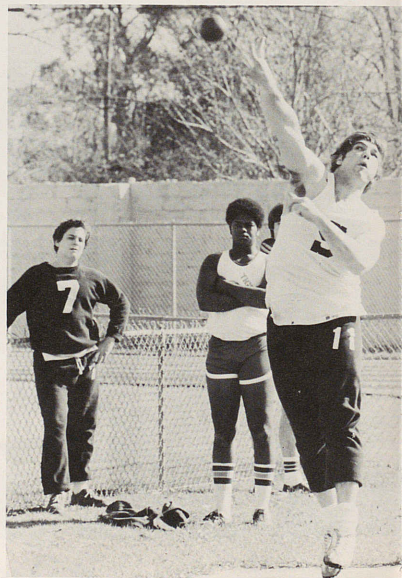

Soccer is continually gaining popularity around the SSC campus. Fielding teams in both the fall and spring seasons, the Rock-a-Chaw varsity players earned third place in their division. Senior halfback Robert Gargiulo led the team and was named "Most Valuable Player" for his steady performance throughout the season. Younger players added to the offensive output of the team with Jeanroy O'Neil scoring 8 goals and Lance Landeche responsible for 4 goals.

Two teams for younger students also competed during the season. Led by boarding students from Mexico and South America, these teams produced many winning weekends of competition. Leading scorers for the Junior Rocks were Mauricio Cruz, Alberto Ocejó, Mauricio Carreon, Gabriel Monterrubio, and Leonel Palacio. The avid sports fan would do well to look for these names in the future of South American soccer.

Trackmen Grab Third PRC Title

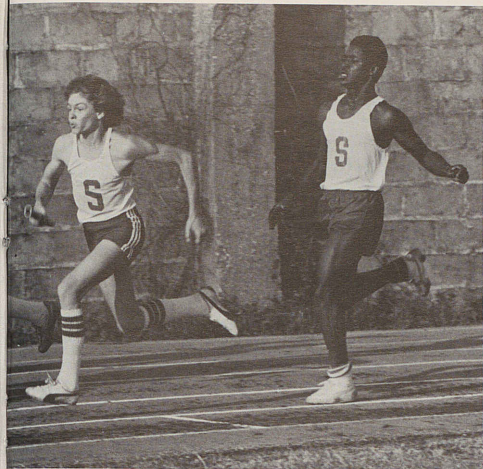

Paced by the first place finishes of Scott Senner, Chuckie Vincent, and the mile relay team, the varsity track team won its third consecutive Pascagoula River Conference Title. Early season losses to St. Martin and Bay High made it doubtful whether the Rocks would defend their title. "There were times I really doubted our chances of winning," said senior John Logan. "But when all our injured runners returned, we were able to put it together for the conference meet."

Going into the final event of the meet, the Rocks held a slim 2 point lead over d'Iberville. The two first place finishers for SSC were Scott Senner in the shot put with a heave of 49'7" and Chuckie Vincent with a 21' leap in the broad jump. The outcome of the entire meet came down to the last event, the mile relay. David Mead broke the tape 3 feet in front of the runner from d'Iberville, allowing SSC to retain its title. At season's end Chuckie Vincent was named "Most Valuable Player."

Jr. High Places Third in PRC

The junior high track team achieved a 2-3 season record and a third place showing in the Pascagoula River Conference.

During the season the junior high broke three school records. Setting a new mark in the 440, Sean Logan ran a time of 55.8. The sprint medley relay record also fell as Sean Logan, Larry Hopkins, Marco St. John, and Mark Tubre turned in a time of 1 min. 55.6 sec. In field events Pat Kergosien established a new record in the pole vault jumping 10'3", a foot over the old record.

Basemen Reach Twenty Victories

For five years Coach Weems and his varsity baseball players have set their sights on a twenty win season. This year's team accomplished that goal posting an overall 20-8 won-loss record. "The reason for our overall success is experience," stated Coach Weems. "All of our players have played since ninth grade and many since eighth grade. Game experience makes a winning ball club."

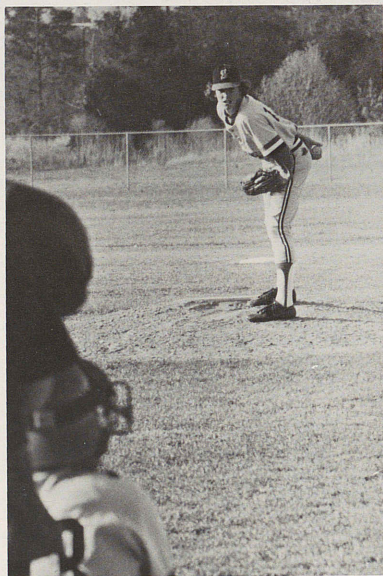

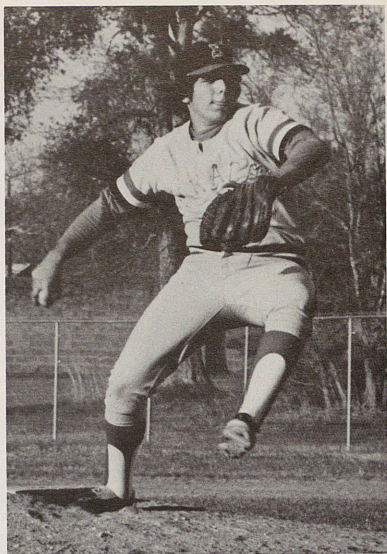

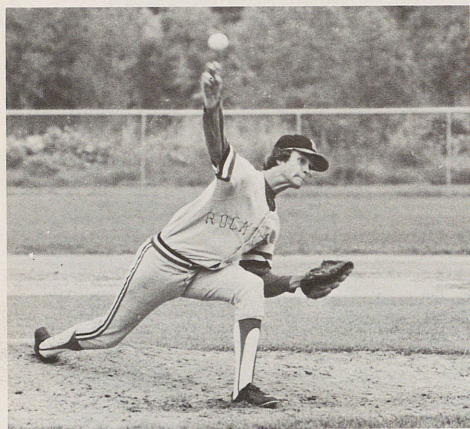

Senior Fred Keel verbalized a personal goal fulfilled by this year's team. "I've played baseball at Stanislaus for four years and this is the first time we beat Pass Christian. I think that is something we can be proud of." Coach Weems also acknowledged the job of his assistants, Bro. Anton and Doug Taylor. "These men worked very hard to help the players develop their talents. All of us appreciated their assistance."

Improved Hitting Helps Pitching

Four of this year's varsity baseball players finished the season with a batting average of over .300. Kelly Geroux led the team in hitting, closely followed by Perre Cabell, Fred Keel, and Andrew Haas. Coach Weems commented, "We usually have consistent pitching, but the improved hitting this season added an additional dimension to our club."

Andrew Haas led the Rock-a-Chaw pitchers with a season record of 8 wins against only 1 loss. Andrew's 1.58 ERA was low for the club. Scott Cox received the most work on the mound this season pitching 82 innings while posting a 6-5 record. With the exception of seniors Fred Keel and Kerry Corr, everyone returns for the 1980 season.

Wild Brothers Capture State

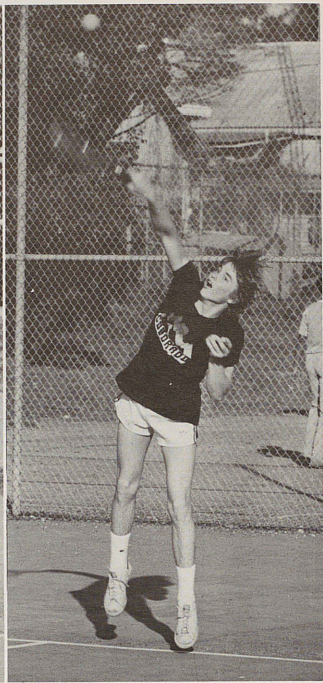

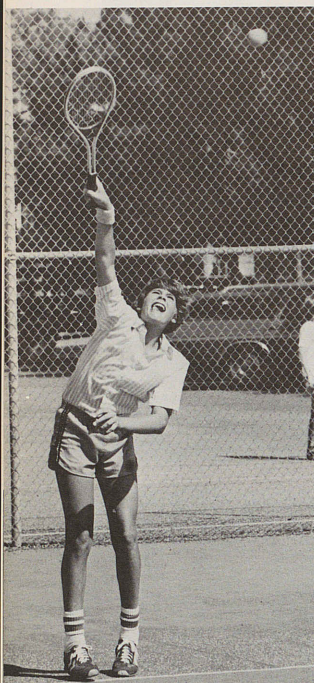

The Rock-a-Chaw doubles team of senior Tommy Wild and junior Pat Wild won the A-AA state championship held in Jackson. In the first round of championship play the Wilds defeated Rosedale High School, 6-3, 6-0. Tommy and Pat met their toughest competition in the second round where they won a hard match against Laurel, 4-6, 6-2, 6-2. "We had a hard time getting going against them and dropped the first set," stated Tommy Wild. "After we settled down, our game got back to normal."

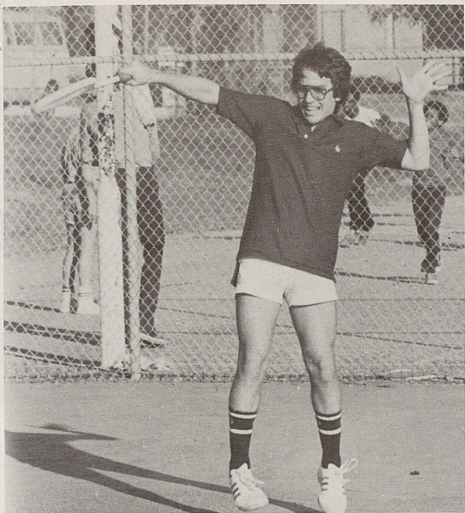

Tommy and Pat breezed through the semi-finals with an easy 6-1, 6-2 victory over Lanier High School. Playing their best tennis of the tournament in the finals the Wild brothers defeated Tupelo High School, 6-3, 7-5, and brought the state championship to SSC.

Netmen Record 14-1 Season

The Rock-a-Chaw tennis team, under the direction of Bro. Paul, finished the season with a 14-1 varsity record. The B-Team recorded an overall 13-1 season.

The doubles combination of Tommy Wild and Pat Wild paced the varsity team. The Wild brothers defeated Stone, Pascagoula, and Gulfport to win the district championship. Tommy and Pat's greatest achievement came when they defeated Tupelo High School for the state championship.

Sophomore Dave McDonnell held the number one single's position throughout the season. Dave finished the campaign with a 13-6 record. Playing his best tennis of the season, Dave lost to John Alexander in the district semi-finals.

Looking to next year, Bro. Paul expects another good showing as this year's squad loses only one senior.

Student Body Celebrates 125th

125th anniversary week got under way April 2, with 7 days of fun filled activities. Student Council President Moe Hudson stated, "The 125th week celebrations are a catalyst to help the student body realize just how great St. Stanislaus is and how much it has to offer." Grady Heintz and Daniel Jordan took first place in the essay contest, while homerooms 12-208 and 8-205 glided their way to a first place tie in the frisbee competition. Winners of the kite flying contest included Robert Pernaich, Robert Danner, and John Abadie. Experience was a major factor in the donut eating contest where Walter Haydel ate a whopping 20 donuts in under 5 minutes. A student awards assembly brought 125th week to a memorable end.

BROTHER JOHN ABATE

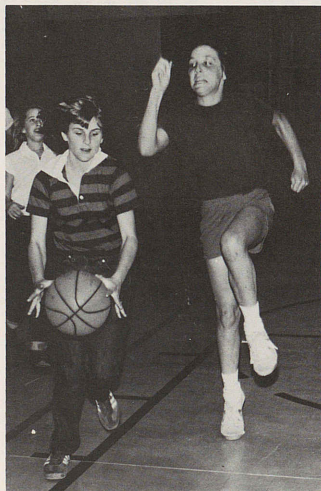

Why would someone want to prefect 60 freshman boys? One could well look to Bro. John for answers to this question since he has done this job at Stanislaus for the past 6 years. "I feel a Brother in a prefecting position can help young people learn and grow spiritually in ways different from the classroom. Freshman year is important because it is a time when many young people begin to discover what life is all about. Prefecting allows me to spend much of my day counseling and tending to the problems of students in my dorm."

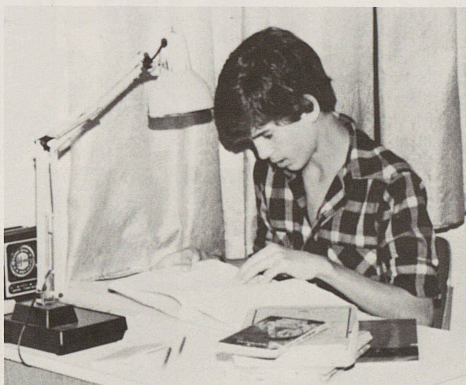

Next year Bro. John will take his prefecting experience to Brother Martin High School in New Orleans where he will serve as a counselor and Director of the "Work-Service Program." We at Stanislaus wish Bro. John luck with his new assignment.

Mike Lyons Directs Rock-a-Chaw Band

Through the expert conducting of Mr. H. David Williams and Drum Major Mike Lyons, the 1979 S.S.C. Rock-a-Chaw Band performed entertaining halftime shows and enjoyable concerts for their audiences. At the close of this school year, the band consisted of approximately 45 musicians, 7 flag girls, 3 rifle girls, and 1 drum major.

The returning band members, along with about 10 newcomers, met in August for a week of rigorous training to prepare them for the marching season. Their first contest was in Mobile, where they earned a rating of II for their marching show. They later marched in Picayune, where they achieved a III. In the State Band Festival at Hinds Co. Jr. College, they received ratings of I for drum major, I in Inspection, II in Concert, III in Marching, and a III in Sight Reading.

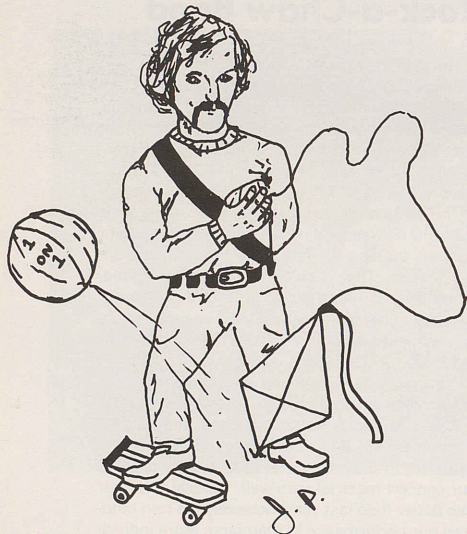

Asked to comment on the band and its performances, Mr. Williams replied, "I felt that the marching improved a great deal, and we handled our concert material very well. Festival this year was better than last year; however, the rain hindered our performance in marching. More individual practice and better attendance will make next year's band better."

Student Council Implements Ideas

Under the direction of student body president Moe Hudson and faculty advisor Bro. Robert, the student council worked to involve more students in school activities. The student council handled the traditional activities including the homecoming pep rally, parade and dance, the senior ring dance, several movies, intramurals, and the annual Bay St. Louis Marathon. "Our main goal was to try new ideas to get as many students involved in activities as possible," said Moe Hudson.

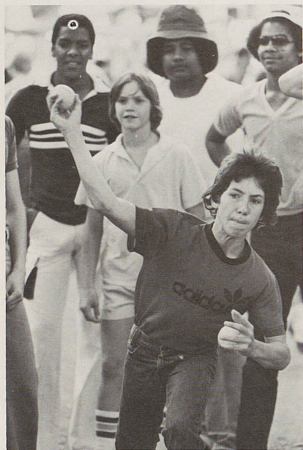

One of the most successful innovations was the student newspaper, **THE ROLLING ROCK**. This not only informed students about coming events, but it also gave them the chance to voice their opinions in the popular "Speak Out" column. The Student Council organized numerous activities to coincide with the celebration of the 125th anniversary. 125th Week offered a doughnut eating contest, frisbee and kite flying contest, crayfish eating and a scavenger hunt. In his closing days as President Moe Hudson stated, "I feel we had a successful year because so many students were behind us in our effort."

MAURY McCURDY

Miss Maury McCurdy won the support of her sponsoring class, senior homeroom 12-208, and many other S.S.C. students in her efforts to become Miss Popularity 1979. To become Miss Popularity, a contestant and her sponsoring class must try to raise more money than the opposing classes. Each penny counts as 1 vote. Maury said she had lots of friends in the class who were willing to work and try to attain their goal. During the weeks before the fair, the class held many bake sales and 2 pobby sales. At the fair, homeroom 12-208 sponsored the Dunkin' Booth and sold donuts and hot chocolate. In addition, they held a formal party before the Prom. These efforts resulted in a close second place finish to Rachel Gex.

Maury's feelings about the contest are definite. She feels it's a good way to raise money, but in her own words, "I think the name should be changed since you aren't judged on popularity. What matters is how much money you make."

Sideline Club Sponsors Fair

The purpose of the Sideline Club is to make improvements in the physical facilities of the stadium and field. To cover the costs of these improvements, the Club sponsors several money making projects each year. Brother Philip, director of the Club, stated, "This year's fair surpassed all others in money raised. We had beautiful weather and good crowds both days."

The "Miss Popularity Contest" was one of the biggest money-raisers. Rachel Gex won the title and Maury McCurdy placed second.

Homecoming Week Involves Students

The Homecoming Festival at S.S.C. was one high point of the school year. It took weeks to plan and much cooperation from both students and teachers alike.

Moe Hudson, Student Council President and head of the Homecoming Committee, expressed his views about the event. "The Homecoming Festival is second only to the Prom. The student turnout is usually extremely good because of the long tradition of Homecoming, pep rallies, and the football season. There were many problems to be faced, but the major problem that I had was to find somebody who was responsible enough to take on the challenges and the work that has to be done for Homecoming Week."

Homecoming consisted of 4 main events: the parade, the dance, the pep rally, and the football game. Everything was prepared and organized by the students. Of the 4 events, the parade was the hardest to prepare. A parade route first had to be planned in advance with the Chief of Police; game booths had to be set up; escorts with convertibles had to be found. The Rocks' 19-0 victory over St. Martin made all the pregame preparations worthwhile.

Homecoming Week lasted but a short time. Soon the lights were taken down, the stalls dismantled, and life returned to normal. But the memory and spirit generated by Homecoming '79 lived throughout the year.

Missy Reigns as Homecoming Queen

It was a very memorable and happy Homecoming for St. Stanislaus this year. The 1979 Homecoming court was a lovely assemblance of girls chosen by the senior football players. Missy Treutel of OLA reigned as this year's queen. The senior maid was Ginny Vegas of Coast Episcopal High School. Junior maids, both from Our Lady's Academy, were Delarie Ladner and Elizabeth Santa Cruz; Cheryl Hammack from OLA was this year's sophomore maid.

The girls participated in a week of Homecoming festivities kicked off by the annual Homecoming parade. The following night under the bright lights of the stadium, our court was presented to the excited fans. After the winning of the game, the eventful week was ended by a dance. With the band, Survival, playing in the background, the girls were once again presented. And so ended the year's Homecoming events.

Photography Club Adopts L.W.A.S.

The creation of the Photography Club enabled interested students to learn the basics of black and white photography under the direction of Mr. Jennings. The club sponsored two weekend workshops where beginners could get first hand instruction from local professional photographers. Mr. Jennings offered follow-up instruction in film processing and print-making.

Adopting Last Week At Stanislaus, the club used the board to exhibit members' photographic efforts. Mr. Jennings will continue his efforts next year by offering advanced photographic techniques to old members, as well as taking in new beginners.

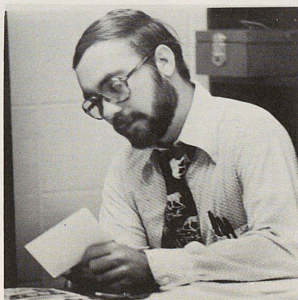

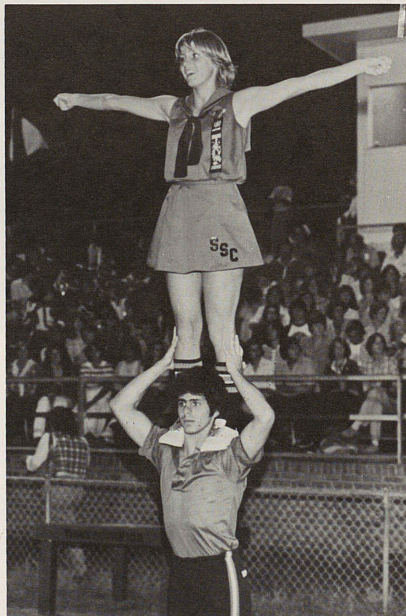

Jim Morrison Heads Yearbook

Jim Morrison directed the creative efforts of REFLECTIONS '79. Beginning the year with very little previous yearbook experience, Jim put in many hours learning the basic rules of yearbook composition. The graduation of everyone involved with REFLECTIONS '78 left many underclassmen in key leadership positions this year.

Junior Mark Bryan shared editorship of "Activities" with freshman Skip Horne. Freshman Ricky Thompson inherited the "Sports' Section" at mid year; 9th graders John Gallagher and Tony Herques adopted the "Classes Section" in early January. "We had a very hard task overcoming inexperience," stated Jim Morrison. "But what made our job even more difficult was the fact that this wasn't a normal year. There is much more pressure on the yearbook staff to produce something 'Special' for an anniversary year. We hope we have done that in REFLECTIONS '79."

N.O. Saints Invite SSC Cheerleaders

The New Orleans Saints selected Bro. Aquin's squad to cheer for them in their nationally televised football game against the Atlanta Falcons in the Superdome. Although the Saints lost the game, the cheerleaders gained a great experience and had a terrific time in New Orleans.

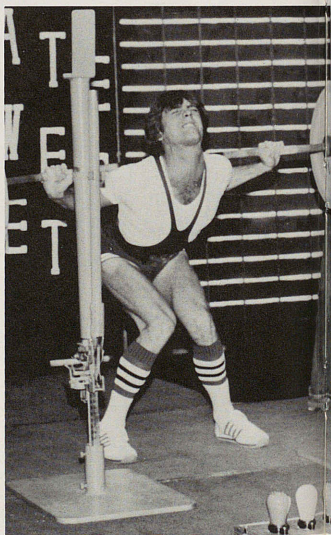

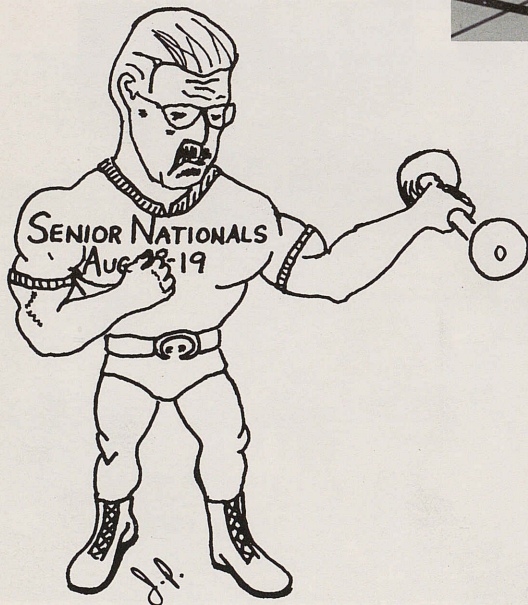

Each year the S.S.C. Cheerleaders attend a summer camp. Working to improve their acrobatic and cheerleading abilities, the S.S.C.-O.L.A. participants managed to win first place in spirit and competition. Captain Missy Treutel summed up the year in these words, "Even though we went through many rigorous competitions and practices we always seemed to find ways to enjoy ourselves along the way."

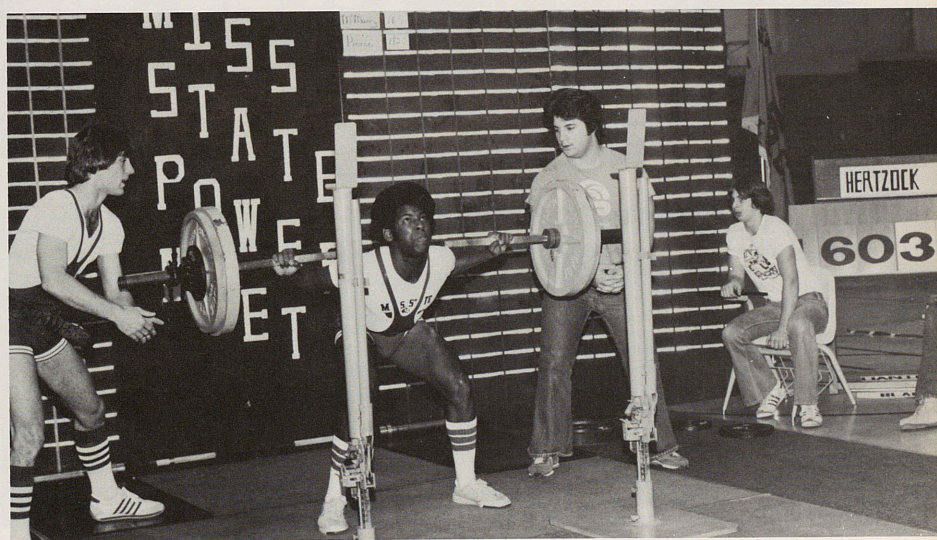

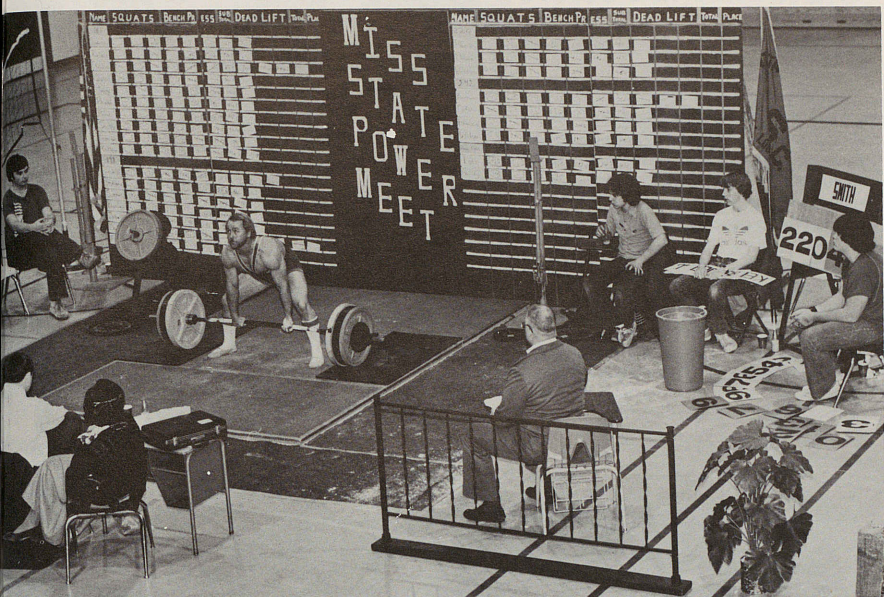

S.S.W.L.C. Hosts Senior Nationals

Brother Bennet and the St. Stanislaus Weightlifting Club will host the Senior National Powerlifting Meet on August 18th and 19th in the Bro. Peter Memorial Gym. According to Bro. Bennet, this meet will comprise only the top 10% of the powerlifters in the country. "This is the U.S. Championship Meet; a lifter must be an "elite lifter" to gain entrance." This meet will last 2 days with the lighter lifters competing on Saturday and the heavier classes lifting on Sunday. Saturday evening, bodybuilders will compete for the title of "Mr. Western Hemisphere." Bro. Bennet will spend the entire summer preparing for the upcoming championships.

NHS Fosters School Leadership

The leadership of the National Honor Society extends far beyond the classroom. During the past year NHS members guided prospective students and their parents on tours around the school, ushered at the senior graduation and ring ceremonies, and served at major banquets honoring alumni and the senior class. Other activities consisted of making and printing the Student Directory, tutoring slow students, and raising money to attend conventions.

Mrs. Jeannie Ryan, NHS moderator, stated, "The most pleasing part about the NHS was the sponsoring of the Honors and Leadership Convocation. This ceremony is held every year to recognize students who perform a service to the school, as well as those who achieve recognition academically."

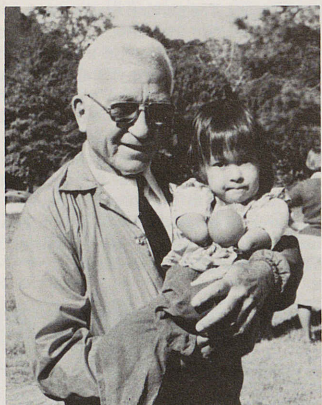

Alumni Celebrate 125th Anniversary

The year 1979 has been a year of celebration as St. Stanislaus commemorates its 125th Anniversary. The general theme that has been running through the various celebrations has been "the role of people in the history of St. Stanislaus." An audio-visual presentation stressing the "importance of people in the Stanislaus family" was shown at the three anniversary celebrations held in Biloxi, New Orleans, and Lafayette. Honorary Alumni awards were presented at these celebrations by Bro. Mark to the following people: John Aurderer, Sherwood Bailey, Bubba Oustalet, Leo Seal, Carl Eberts, Jerry Romig, Jules Rousseau, and M. P. Dumesnil.

Students Practice Christian Charity

According to Bro. Canisius Schell, Project Do coordinator, "The main purpose of this group is to give the students of our community the opportunity to put their Christian training into practice." Through the assistance of Project Do members, retarded, blind, and handicapped people can overcome their disabilities and become more active.

Normally 60 participants of Project Do are available during school release time, but for special activities the number goes even higher. The success of this year is due to the cooperation of the many members who sacrificed their time. Tutoring slow learners, visiting nursing homes, aiding the handicapped, and assisting the retarded are some of the ways in which Project Do workers help the community. As Bro. Canisius says, "There is no such thing as a little kindness."

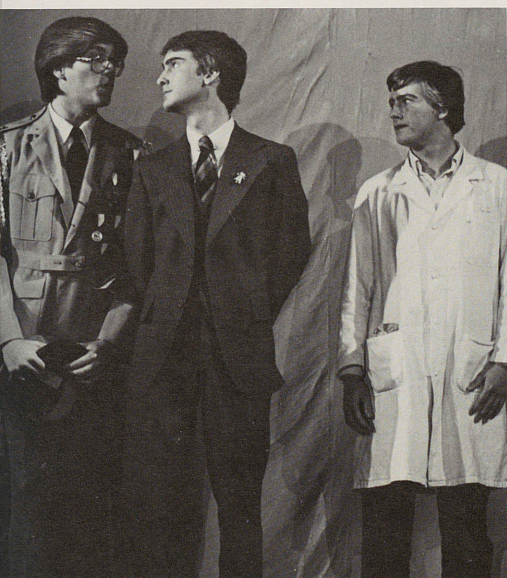

SSC-OLA Combine Dramatic Efforts

The S.S.C. Drama Club, under the direction of Mr. Dan Griffon, joined forces with OLA this year to expand the program. The Drama Club was very active this year, putting on numerous performances for the student body. The first of these was the one act play, *A Game*, which the club also presented at the state festival and received a rating of excellent. This was followed by a brief skit during the Christmas program. Culminating the season, the group presented the full length comedy *The Mouse That Roared*. The play was presented on a stage constructed by the organization in the Bro. Peter Memorial Gym. Besides the public appearances, the Drama Club practiced using pantomime, open end scenes, and various other acting exercises. They accomplished this at their bi-monthly meetings where, with the use of video tape, the members were able to see their mistakes and correct them. Through these meetings, the thespians were able to gain valuable experience and enjoy themselves at the same time.

Radio Club Aids New Members

The St. Stanislaus amateur radio club used this year to help novice members get on the air. With Bro. Eduardo's assistance, five of the club's eight novices put up stations at their own houses. All members of the club have access to the club's radio station in the dorm.

Besides operating under the club's call sign, WD5IAD, members participated in code practice, proficiency tests, and all types of contests. "I would like to see the club help members pursue other areas of the hobby, such as bouncing signals off satellites and 2 meter work," stated Bro. Eduardo. The activities of the club will continue into the summer when members meet in Baton Rouge for the American Radio Relay League's National Ham Festival.

Track & Field Day Draws Competitors

The annual SSC Track and Field Day generated spirited intra-class competition for participants. The two-day affair pitted seniors against juniors and sophomores against freshmen, while the three eighth grade classes competed against one another, as did the seventh grades.

Competition this year provided no upsets, as the seniors behind the clutch performances of Chuckie Vincent and Wayne Hoda easily defeated the juniors; likewise, Juan Betanzos led a strong sophomore class to a runaway victory over the freshmen. In the grammar grades Bro. Robert's 8-205 anchored by Mark Tubre and Kyle Wilson swamped competitors from 8-204 and 8-226; in similar fashion, Bro. Peter's powerful 7N homeroom, led by Tom Allen, John Killeen, and Steve Bujard, outdistanced 7-207 and 7-217. Win or lose, the competition attracted many participants and much enthusiasm.

Spring Enlivens SSC Campus

The coming of spring weather and the anticipation of the end of the school year injected new life into the SSC campus. Students brought out their frisbees and kites, invaded the pool and beaches, and found new ways to enjoy the final days of the school year.

The celebrations commemorating our 125th anniversary have come to an end. The learning experiences and good times of '79 are now part of the continuing tradition of St. Stanislaus. Though new faces among the brothers, faculty, and students will appear in the years to come, the distinctive family spirit which has shone through 125 years will continue to draw us together.
